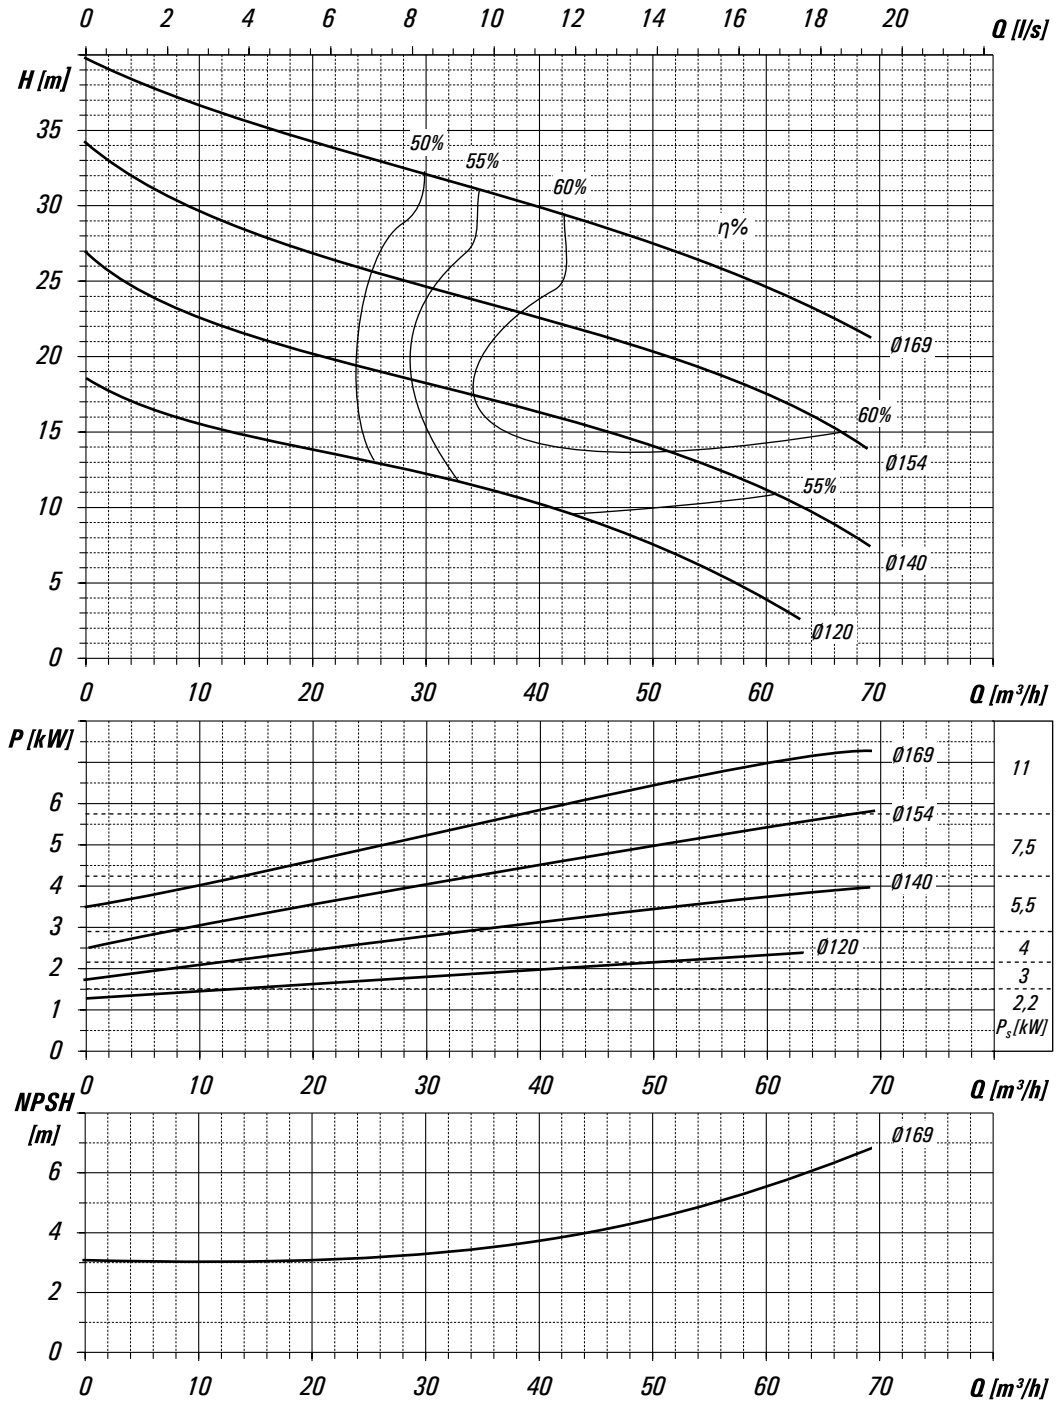
Kielecka Fabryka Pomp Białogon S.A.

BIAŁOGON

Pump type: **65Z2K-10B**

Speed: **2900 RPM**

Pump type:	Single stage centrifugal , monoblock pump
Impeller type:	Closed, two channel impeller
Max. size of solid:	21mm
Max. temperature of liquid:	60°C
Drive type:	Electrical -impeller mounted directly on the driver shaftend extencion.
Shaft seal type:	Packing ring (P1)
Materials:	I (gray cast iron), VII(with increased resistance to abrasion), XIV(for marine)
Destination:	For contaminated or dense liquids, including paper pulp (concentration up to 3% absolutly dry mass content) and viscous liquids of up to 10°E at the temperature60°C.



Producer reserves the right to change the data contained in the catalog card.
